

King Soopers Re-loadables

Re-loadable cards are now available for teams to use as a fundraising tool towards soccer expenses. Attached is an overview of the program and instructions on how to set it up. Here are a few guidelines/pointers for teams who wish to participate:

- All teams who opt to participate in the re-loadable program will be responsible for all aspects: Setting up your own account, initial purchase (order & pick-up), tracking cards, distribution of funds, lost cards, etc. Accounts can be set up by calling the Gift Card Services Dept. at 303-698-3403 and let them know that you are associated with Douglas County Soccer (originally set up as) use your team name (i.e. 2XXX G Red) as your account name and choose your own password.
- Checks are issued by King Soopers every 4 weeks and there is a \$5,000.00 cumulative minimum goal in re-load sales that must be reached by the team collectively before King Soopers will cut a check. This may take some teams a longer period of time. Keep in mind that the rebate is not instant as with the face value card program.
- A player's account should never go into a negative in anticipation of rebate monies.
- Initial orders must be \$200. and cards can be ordered from King Soopers by calling 303-698-3403 Monday-Friday 8:00am-4:30pm. Cards will be delivered to the King Soopers of your choice.
- Cards cannot be purchased at your local KS, they must come from the Gift Card Services Department.
- The rebate will still be 5%.
- Card balances will be printed on the bottom of your receipt after each purchase, you can ask the cashier to check it, or call 866-822-6252 or visit www.gcbalance.com to check remaining balance.
- Cards with a zero balance for 90 will become inactive and cannot be reactivated; a new card will need to be purchased.
- King Soopers will provide each team with a Buyer's Log, Statements every 4 weeks and Payout Checks. It is important that King Soopers has your Fundraising Coordinator's correct mailing address and email. If you switch coordinators you must contact King Soopers with the new person's contact info and all materials necessary to run the program must be given to the new coordinator.
- If players switch teams King Soopers will not transfer a card number from one team to another so the card must be zeroed and destroyed and a new card issued by the receiving team's Fundraising Coordinator (providing that team is doing the reloadable program) as well as transferring funds. If the receiving team is not participating in the re-loadable program the card will need to be destroyed (make sure balance is zero) and face value cards may be purchased through the new team.
- If the fundraising coordinator (and player) is transferred to another team, a new fundraising coordinator must be appointed and all info/tracking materials, etc. must be turned over to them.

- Real will continue to provide the face value cards program for teams that choose not to participate in the re-loadable program or who will not meet the \$5000. minimum within a reasonable period of time.
- The team must decide unanimously to opt for the re-loadable **OR** the face value card program we cannot offer both to any team. Real will only offer face value cards to teams that are not participating in the re-loadable program.
