

## **IMPORTANT UNIFORM INFORMATION**

This season (fall18/sp19) is the 2nd year of Real's 2-year uniform contract with Nike. Any player needing a new uniform will purchase the current kit from Soccer Stop.

### **SOCCKER STOP's ordering process!**

All competitive uniform orders will be placed by each player/parent as an individual order. The First Touch ordering site ships the player order directly to his/her home address or you may choose to pick up the order at one of their retail locations. *The team manager's only role in this process will be to manage and/or assign the jersey numbers. No order can be placed without a number. This must be done before the player can place their uniform order.*

### **General Uniform Information:**

- a. Uniform is ordered individually, online. Must have jersey number assignment from team, before ordering. <http://firsttouch.soccerstop.com/>
- b. Uniform numbers are assigned by the manager/coach and will be within team numbering sequence (see below)
- c. Used Uniforms – if your team has any current unis for sale or to donate, we would really appreciate knowing about it – e-mail [demmel@realcolorado.net](mailto:demmel@realcolorado.net) with details. We only pass along this information to interested families.
- d. Regardless of whether a team purchases undergarments, every player must be in the same color under clothing so they are uniform as a team. No logos other than Nike may be on a Real sideline.

\*If a team does not have a full-time GK, it is recommended that the team purchase the GK kit for game use.
