

**REAL CO TRAVEL/TOURNAMENT POLICY Regarding COVID- 8/18/21**

**\*\*\* General Real CO Travel/Tournament policy regarding guest players, coach and team expenses, etc. are still in effect.**

Given the current concerns regarding the Delta Variant of COVID, we are modifying our Tournament and Travel Policy, as indicated here. We are hopeful that this is a temporary modification. We will update as necessary.

- Teams must be aware of and follow all COVID rules of the tournament to which they are traveling, as well as for the area within which the tournament is being played.
- We are recommending that teams travel with 2 players per room, if the coach and team choose to travel as a team.
- If families wish to have their player travel with and stay with them in their own family room, that is their prerogative, however, the player cannot go “back and forth” between staying in a team room and family room.
- We think for the fall season this makes the most sense to avoid teams getting caught with too few rooms, in case of any COVID restrictions or emergencies.
- Players staying and traveling with their families will still have full financial responsibility for team travel except for the player hotel rooms, meaning team vans, coach and chaperone rooms and expenses, airfare, etc.
