

# Heather Nosky, MS, LAT, ATC

## Real Colorado FC

Over the past three years, Heather has demonstrated her enthusiasm and dedication for the athletic training profession. As a clinical and outreach athletic trainer with Real Colorado FC, her skill and professionalism have made her a trusted healthcare professional within our department. In addition to her clinic responsibilities, she has been a leading advocate for involving athletic trainers in orthopedic surgeries. Her passion lies in demonstrating the full extent of what athletic trainers can achieve within their professional scope. We greatly appreciate all she does for her athletes and our Sports Medicine Center.
