

# Nicholas Cole, LAT, ATC

## Real Colorado Soccer Club

Nick's ambition to provide high-quality care to his athletes at Real Colorado Soccer club has continued to maintain the respect and trust of his athletes, parents, and coaches. He took on a larger role with the club during Fall 2023, being the lead athletic trainer for all the Real athletes. This feat does not go unnoticed, and we appreciate his ability to maintain great care and relationships. He has led the Children's Hospital Sports Medicine Center Education and Professional Development Committee for the past year, further highlighting his leadership skills. His proficiency makes him a great colleague and athletic trainer. Our Sports Medicine team and Real Soccer Club appreciate all that you do!
