

Sara Altman, LAT, ATC

Real Colorado Soccer Club

Sara joined the Real Soccer and Children's Hospital Sports Medicine Center as an athletic trainer four and half months ago. Already, in that short time, she has established strong connections with the athletes, coaches, and parents. Along with her outreach responsibilities, Sara has been active in the Quality Improvement committee, which helps to streamline projects that look to enhance processes in a variety of areas. We are excited to have Sara on our team and look forward to the impact she has at Real and the Sports Medicine Center.
